Summary

I am a student at UH Manoa studying Computer Science with a focus in cybersecurity. I aim to commission as a Cyber Warfare Officer in the U.S. Air Force.

Experience

ROTC Collegiate Cyber Challenge (C3) Team Coach

Center for Infrastructure Assurance and Security (CIAS)

Sep 2019 - Nov 2019 (3 months)

- Trained a team of ROTC cadets who possessed little-to-no prior cybersecurity experience
- Placed 3rd out of 48 ROTC detachments nationwide

Undergraduate Research Assistant

University of Hawaii at Manoa

Mar 2018 - Nov 2019 (1 year 9 months)

- Researched commercial UAV Wi-Fi communication patterns
- Part of the Cyber Spectrum Collaborative Research Environment (C-SCoRE) program:

"The C-SCoRE program enables ROTC Cadets and Midshipmen at participating universities to technically contribute to electronic warfare, signals intelligence, and cyber state-of-the-art through a rigorous, product-oriented R&D program. Cadets and Midshipmen are mentored by faculty or subject matter experts at their university, engaging in academic study and research and technology development to address operationally significant challenges posed in a U.S. Government provided Intelligence, Surveillance, and Reconnaissance (ISR) scenario."

Advanced Cyber Education (ACE) Student

U.S. Air Force Institute of Technology

Jul 2019 - Jul 2019 (1 month)

- Attended master-level classes of network security, penetration testing, digital forensics, avionics, cryptography, reverse engineering, etc.
- Course culminated with 3-day "hackfest" offensive/defensive competition
- Won 1st place of 7 teams
